*Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Use a Tax-FREE account. Never pay income tax. Future millionaires are obtaining all the information they need to make wise financial decisions FREE. The answers are online. The financial industry retail model is dying. People of all ages are shopping for almost everything online FIRST. Eventually, people will realize that their advisors are not worth the costs. Right now, because of hidden fees and charges, the industry gets away with robbing most working people of 40 to 60 of their potential retirement money. Currently, few financial statements provide the total actual costs in plain English. They hide them for a reason! Right now, the industry takes over \$600 billion away from working people trying to build their nest eggs. Most receive poor advice and thus earn less than a market index fund could provide. Likely, you are paying fees for things in your accounts you don t even need. You are probably using companies that are in business to serve their sales staff and their stockholders more than to serve you. For example: SBLI charged \$384 for the same \$300,000 30-year term policy that MetLife charged \$983 for in 2009. If invested, that \$599 can add \$175,000 to YOUR assets when you need them. MetLife has to pay agents, Snoopy, high rents and expensive CEO perks. Today you can start keeping those extra premiums and advisor fees. You can accumulate that \$175,000 instead of your seller keeping...
