## VOCATIONAL ARITHMETIC: WITH LESSONS IN SPELLING, LETTER WRITING AND BUSINESS FORMS (CLASSIC REPRINT)

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Vocational Arithmetic: With Lessons in Spelling, Letter Writing and Business Forms After several years of experience as supervising principal in night-school work, where he has faced the growing tendency to make education more practical, the author of this work has felt strongly the need of something strictly practical in arithmetic and business forms. Moreover, consultation with prominent school men has proved that this thought is shared by many other teachers. This work is the result of this well-defined need. It was intended to make this book strictly practical in every sense of the word. The lessons are all live subjects and such as are met with in everyday life. While very little fraction work is involved, it is believed that enough is used for the daily needs of life. There is some work in percentage, but only the very simplest forms, which, as with the fraction work, are sufficient for ordinary purposes. The author is indebted, to a great extent, to the many business men who have so kindly given the data with which to form many of the lessons. In fact, the work was made possible only through the kindness of these persons, as there is very little subject-matter of this nature in print. It is not claimed that the figures used in this book are true for every locality. The student must realize that prices fluctuate from time to time and vary in different localities. However, it is believed that the figures used will represent a close average. It was the intention that no subject should be repeated. It is desired to make the work interesting, and variety lends a hand in this...
