It is the home of the elephant, the tiger, the leopard, the hyena, the jackal, and many other wild and powerful animals. In the north are found the wolf, the elk, and the reindeer; many of the northern animals are valued for their fur. The ermine is one of these; it is white with a black tail, and is very pretty, with its bright eyes and rapid motions. The ermine feeds upon rats and other small animals. The middle of Asia is the native land of the horse. The Arabian horses are the finest in the world, but they are not found wild in the desert; they are the property of the Arabs, a people who live in tents and wander from place to place. The Arab treats his horse with great kindness, and loves it almost as much as...
