Trafford Publishing, Canada, 2006. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book. Electronic banking, computer technology and sophisticated accounting practices form the basis for this modern-day financial thriller. Andrew Dalton is a rising star at a prestigious accounting firm where, as a forensic accountant, his role is to uncover anomalies in corporate financial transactions. But this normally mundane task suddenly takes on a different tone when he discovers uncanilly similar discrepancies in the books of two different companies. Driven to take action, Andrew initiates a perilous investigation that takes him from San Francisco to Boston, Amsterdam to Bermuda. Along the way, he encounters a string of characters including an alluring but dangerous ex-KGB agent, a brilliant computer hack and a greedy megalomaniac, who will stop at nothing to thwart his efforts. Andrew enlists the aid of his ex-girlfriend Dana, and together they work to expose a clever scheme that threatens the global economy - and could destroy their lives in the process. Suspense-filled and action-packed, Debit Fund will keep you intrigued until the final page!.
