Homestayng folks will make the happenings of today live forever, the familiar scenes that are dear to all being preserved, animated and true to life. The cost of a moving picture camera should not be considered high when it is remembered that enlargements are easily made from the negative, this making it practically two cameras in one. When only still pictures are wanted, the half turn of the crank gives one six exposures from which to make a selection for enlarging purposes, a decided advantage over the single ordinary negative. Fifty feet of film give one many exposures with little trouble and at small cost. Another advantage lies in the improved definition and greater speed permitted by the small lenses used. To those who are not already familiar with the moving picture...
