

## Gateway to Guitar Improvisation (Mixed media product)

By Decaprio Tony, Tony Decaprio

Hal Leonard Corporation, United States, 2003. Mixed media product. Book Condition: New. 298 x 224 mm. Language: English . Brand New Book. (Guitar Educational). Learn to improvise freely over any chord progression! The Fourth Note principle is a truly remarkable method for improvising in jazz and other genres, combining ear training, theory and technique to enable students to play with unrestricted creativity. In this book/CD pack, master guitarist Tony DeCaprio shows how to incorporate this technique using focus notes to anchor your playing within a chord progression through comprehensive, step-by-step instruction with examples for practical application of every new concept. The accompanying CD includes 99 full-demo tracks. A totally unique and revolutionary concept for teaching improvisation. There is nothing even remotely similar on the market. The approach is refreshing and brilliant. I highly recommend this book to both students and teachers. Jimmy Bruno.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Ally Reichel**

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
