## A BEGINNERS BOOK OF CHESS

Createspace, United States, 2013. Paperback. Book Condition: New. 224 x 148 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In placing this little volume before the public we hope to offer a Beginners Book of Chess that will in a clear and concise manner explain the elements of our Royal Game. As to the arrangement of the text, the movement of each of the pieces is first given and this text is followed by a printed diagram illustrating this power in action; immediately following are general observations founded on the experience of masters and students of the theory of the game. We have drawn freely from Steinitz and other recognized authorities on the game for many of the definitions and deductions quoted. We have included a generous number of illustrating diagrams and we believe they will be found exceedingly helpful to the beginner, who is first given an abstract statement followed by a concrete example in the accompanying diagram. In learning the game nothing of course can quite equal personal teaching wherein the scholar and teacher meet and immediate play and instructions are joined in the lesson. The student is urged, if desirous of substantial improvement in play, to play regularly and with players stronger than himself. -WM. F. DRUEKE CO., Grand Rapids, Mich.
