Packt Publishing Limited. Paperback. Book Condition: New. Paperback. 166 pages. Dimensions: 9.2in. x 7.5in. x 0.6in. A quicker way to build communities, engage members, and promote your sites. Integrate automated key marketing techniques. Examine analytical data to measure social engagement. Understand the core principles of establishing meaningful social connections. In Detail Social Media can help elect a U. S. President, transform the way we educate ourselves and drum up support for disaster relief. What lies beneath the two ominous buzzwords is not some secret game-changing technology but rather a new approach at forming relationships with your audience in real-time. Discover the power of online influence many already rely on. Social Media for WordPress: A Quicker Way to Build Communities, Engage Members and Promote Your Site is a practical how-to guide on implementing social media marketing techniques to improve user retention and initiate engaging conversations. You'll learn how to leverage third-party services like Twitter, Yahoo! Pipes and Google Analytics as well as popular WordPress extensions like FeedWordPress, bbPress and BuddyPress. This book introduces you to the powerful combination of WordPress and social media through a variety of plugins and free third-party services. You'll learn how to create your own social network, utilize forums and rewards to stimulate interest. You'll also learn how to automate many marketing activities, so you can spend more time connecting with your audience. Comprised of easy-to-follow tutorials and supplemental website, you'll understand how to implement social media strategies. What you will learn from this book: Discover the fundamentals, misconceptions and basic implementations of social media as well as WordPress features to drive more site engagement. Roll out your social media layer with BuddyPress and add game-like capabilities to help you engage your site members. Create group forums using bbPress and BuddyPress, while automatically publishing WordPress posts to Twitter...
