Reviews

This is actually the greatest publication i have go through right up until now. I really could comprehended every little thing using this composed e book. I realized this book from my i and dad advised this ebook to learn.

(Jimmie Schmidt I)

EMERGENCY AIR: FOR SHELTER-IN-PLACE PREPPERS AND HOME-BUILT BUNKERS

Paladin Press,U.S. Paperback / softback. Book Condition: new. BRAND NEW, Emergency Air: For Shelter-In-Place Preppers and Home-Built Bunkers, F J Bohan, From the author of Living on the Edge and Barbed Wire, Barricades, and Bunkers comes another information-packed guidebook for today's survivalists, Emergency Air: For Shelter-in-Place Preppers and Home-Built Bunkers. This new book offers a breath of fresh air on a subject about which very little information is available. It won't matter how well you plan or how much food, water, and other supplies you have stored and waiting for your neighborhood to become a nuclear fallout zone. Without breathable air, you will die! Leaving it for others to compile the lists of bullets, beans, and Band-Aids in their disaster-relief books, "F.J. Bohan" details how to safely ventilate an underground bunker or shelter-in-place room, sealed with duct tape and plastic sheeting, so you can escape the airborne particulate threats of anthrax, nuclear fallout, dirty bombs, biological and pandemic agents, or other airborne threats. This book educates you about all the variables involved in providing fresh air to your shelter "before" the need arises, including passive and active ventilation, air pumps, plumbing the bunker, air filters, and gas masks. After studying Emergency Air, you can breathe easier knowing you have done all you can to ensure your family's emergency air supply during a chemical, biological, -radiological, or nuclear emergency."
