Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Stories of Ancient Peoples This little volume is intended as supplementary reading for schools. It does not claim to be more than a series of sketches, leaflets from the inexhaustible record book of the ancient past. It is hoped that these sketches will prove an interesting and stimulating preliminary to the study of ancient Oriental history, and, by thus leading back to the infancy of nations, incite to investigation in the fascinating field of prehistoric archaeology, the first Act in the great Life Drama of mankind. Although the chapters of this book do not form a continued narrative, they will have their full meaning only if read in the order in which they are placed. I have endeavored to bring out the salient points in each national character, and by contrasting one with another, make it easier for youthful students to retain a separate picture of each. The list of reference books will prove useful to many teachers. It contains a selection of the best works up to the present date. I have consulted all of these and many others in the preparation of this book. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
