

The Cannons of Armageddon: A Terrorist Perfect Storm

By Alexander Monroe

AuthorHouse. Paperback. Book Condition: New. Paperback. 292 pages. Dimensions: 8.8in. x 5.9in. x 0.8in. The Cannons of Armageddon is a chilling illustration (64 pages non-fiction, 222 pages fiction) of a very plausible nuclear terrorist attack by al Qaeda and Iran against an America whose government, population and electronic infrastructure is currently so unprepared and vulnerable that modern technological civilization is destroyed in most of our country. As was the case in the use of large airplanes loaded with thousands of gallons of aviation fuel as potential WMD prior the 911 attacks, few people realize how easily crude Hiroshima size atomic bombs (uranium gun assembly devices) could be built and what an existential threat to America terrorists represent once they possess weapons grade nuclear material for the small explosive cores of these devices. The non-fiction chapters form the scientific, geopolitical and theological basis for a frightening plot: In an attack later in this decade America suffers damages of biblical proportions and suddenly people find themselves in a world turned upside down with a government helpless to return the country to a semblance of civilization. When no city is safe from sudden nuclear destruction and critical infrastructure on which our high tech civilization...
