

Inward Outward Health : John Wesley s Holistic Concept of Medical Science, the Environment and Holy Living

Filesize: 6.85 MB

Reviews

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.

Wipf Stock Publishers, United States, 2012. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Synopsis: Inward and Outward Health is the first interdisciplinary scholarly collection to provide an in-depth and new perspective on the medical and scientific activity of one of the eighteenth century s most successful and controversial theological figures, John Wesley. These essays, written by established scholars in the field, convincingly correct a persistent view of Wesley as an irresponsible religious enthusiast who confused medical science and theology. The reader is given here instead a picture of someone who was a crucial admirer of Enlightenment principles: a deeply pious individual who could minister to the physical and spiritual welfare of the poor, applying remedies for the body or prayer for the soul as and when appropriate. Endorsements: This collection of six essays unfolds the remarkably modern holistic approach to human health--physical, psychological, and spiritual--seen in the thought and practice of John Wesley in the eighteenth century. Grounded in a study of the natural philosophy and medical remedies from over two centuries ago, the authors examine not only the historical context but also the continued relevance of many of these scientific and religious approaches in the present day. Trained in various fields of science and religion, these writers bring a lively sense of contemporaneity to a wide variety of areas such as prayer and healing, spiritual senses and ecological concerns, body and soul, life and death. This collection, under the expert eye of Deborah Madden, makes a major contribution to a growing field of historical inquiry that rightfully attracts contemporary attention. --Richard P. Heitzenrater, William Kellon Quick Professor of Church History and Wesley Studies, Duke University This is a superb collection of interdisciplinary research papers which illuminates not only...
